#### HIGHLIGHTS

- All Institutions of Dow University including Dow International Medical College (DIMC) are recognized Internationally and are included in IMED W.H.O directory (Faimer School ID : F0002369)
- Newly constructed building has about 200,000 sq. ft. covered area.
- State of the art facilities including spacious and fully equipped laboratories, powerlab, libraries, lecture halls and hostels are provided.
- Dow University Hospital is located in the same Ojha Campus.

#### FACILITIES PROVIDED

- Airconditioned classrooms, Laboratories & Libraries.
- Digital Library has more than 300 computer stations connected to the main high class server to have large storage capacity and HEC connectivity for access to more than 22,000 journals and 45,000 text books to help in updating knowledge and acquire information for research, students have access with password even from home.
- There is also a library having more than 4000 books alongwith spacious reading halls.
- High standard hostels are available alongwith Air-Conditioning facilities on card basis separately for boys and girls within the same Ojha campus.
- Registered Rent -a-Car Service for students is also available.
- High Class facilities at Gymnasium and Sports Complex for co-curricular activities.

#### CURRICULUM

- THE DOW INTERNATIONAL MEDICAL COLLEGE (DIMC) Internationally implemented integrated objective based MODULAR CURRICULUM, as is also in line with Dow Medical College.
- An integrated modular curriculum can be defined as courses with subject matter classified by organ systems rather than according to the departments such as anatomy, physiology or biochemistry. Such a curriculum fosters professional development, and is coupled with systematic and coherent development of clinical and communication skills.
- The Dow University is the first institute of Pakistan to prepare and adopt modular system to make better doctors, who acquire postgraduation easily besides getting good scores in USMLE.
- The University has SEMESTER SYSTEM Structured Practical Exams i.e. OSPE & OSCE.

#### EDUCATIONAL GOALS

The following three main goals, make up the foundation of the undergraduate medical education programs at Dow University. The program-level objectives are achieved within each of the three educational goals.

- Self directed learning and life long learning skills
- Core biomedical Science Education
- Hands-on-training for skills

THE SKILLS BASED CURRICULUM is according to the current health requirements, and includes proficiency in essential skills like monitoring vital signs, cardiopulmonary resuscitation, common procedural skills, infection control skills as well as communication skills, necessary for all doctors.

Students attending the Class

Inside View of DIMC

- The “UNDER-GRADUATE SKILLS LABORATORY” provides hands on training to the students.
- The skill laboratories are equipped with the LATEST TRAINING SIMULATORS and MANNEQUINS It also has VIDEOS OF ALL PROCEDURES. The skills lab helps students in confidence building to deal with human beings in practice as patients.
