Manuscript Submission Guidelines

All manuscripts must be typewritten, double-spaced, on one side of A4 (210 × 297 mm), or with at least 1.5 inch left margin and 1 inch for all other margins. Submit the original and two copies (including tables and figures), together with a soft copy of the text of the paper in floppy or CD, preferably as a file in MS-Word. Label the disk with the first author's name and title of the manuscript. Manuscripts submitted without soft copy will be accepted at editors' discretion. Manuscripts must be accompanied by a cover letter, which should include the following information.

- A full statement to the editor about submissions including the statement of originality of article and acknowledgment of contribution.

- A statement that the manuscript has been read and approved by all the authors, that the requirements for authorship as stated earlier in this document have been met, and that each author believes that the manuscript represents honest work, if that information is not provided in another form (see below); and

- The name, address, and telephone number of the corresponding author, who is responsible for communicating with the other authors about revisions and final approval of the proofs, if that information is not included on the manuscript itself.

The letter should give any additional information that may be helpful to the editor. After a review of the articles, the copy will be forwarded to the corresponding author for revision. He will be responsible to submit the final version within three days of the receipt of the edited copy.
